

# Growing Your Business Without Growing Your Headcount

## PDI/Ascend

*The complete financial accounting solution defining the top-tier standard for midstream & downstream petroleum.*

Ascend maximizes profit on every lead, discovers credit issues, delivers real-time data, and most importantly, turns your freight into a profit center while replacing error prone manual processes.

Fully  
Customizable

Automation

Exceptional  
Reporting

Efficient

“Now, when operations asks for a different look at data, I can get a report to them that afternoon, not next month.”

- Bill Taylor, CFO, Beck Suppliers

## Proactively manage critical business information
