Logo

## OUR LOGO

The letters in the logo represent the heritage and stability of the brand our customers have trusted for over 30 years.

The addition of the sphere shows how we've evolved through connections bringing together our people, products and customers globally. There are five dots representing the five products in our software portfolio. The size of the dots also represents the strength of our connections with those customers that have been with us for many years, and those just beginning their journey with PDI.

## CLEAR ZONE

The blue guidelines mark the clear zone. The white space surrounding the logo must be maintained in all situations.

Crowding around the logo is *strongly* discouraged.

## MONOCHROMATIC

This monochromatic version is to be used when having to show the logo in black or white. When printing the logo on a solid material as a dye cut, there should be transparency behind the sphere.

## CLEAR ZONE

The blue guidelines mark the clear zone. The white space surrounding the logo must be maintained in all situations.

Crowding around the logo is *strongly* discouraged.

## SILVER BACKGROUND

When the logo appears on a silver background the dots and arcs should not be transparent. Use the version of the logo that has the gray gradient that provides opacity for the sphere while blending subtly into the background.

## CLEAR ZONE

The blue guidelines mark the clear zone. The white space surrounding the logo must be maintained in all situations.

Crowding around the logo is *strongly* discouraged.

## BLUE BACKGROUND

The logo should appear in white with transparency behind the dots and the arcs in the sphere. This logo treatment is only approved for use on PDI Blue, Charcoal, and Black backgrounds.

## CLEAR ZONE

The blue guidelines mark the clear zone. The white space surrounding the logo must be maintained in all situations.

Crowding around the logo is *strongly* discouraged.

## CHARCOAL BACKGROUND

The logo should appear in white with transparency behind the dots and the arcs in the sphere. This logo treatment is only approved for use on PDI Blue, Charcoal, and Black backgrounds.

## CLEAR ZONE

The blue guidelines mark the clear zone. The white space surrounding the logo must be maintained in all situations.

Crowding around the logo is strongly discouraged.

## BLACK BACKGROUND

The logo should appear in white with transparency behind the dots and the arcs in the sphere. This logo treatment is only approved for use on PDI Blue, Charcoal, and Black backgrounds.

## CLEAR ZONE

The blue guidelines mark the clear zone. The white space surrounding the logo must be maintained in all situations.

Crowding around the logo is strongly discouraged.

## OUR TAGLINE

The tagline is the essence of our brand, our vision and our culture. It supports the visual identity of the sphere. It is simple, credible and aligned to our strategy.

This tagline represents our core capabilities and innovative, forward-facing approach to helping our customers thrive.

## CLEAR ZONE

The blue guidelines mark the clear zone. The white space surrounding the logo must be maintained in all situations.

Crowding around the logo is strongly discouraged.

# Logo | Restrictions
